CHIEF EXECUTIVE
Professor Ian Diamond AcSS

Thank you for your letter of 24 February and the interesting information about EUROSCIENCE and the Open Forum in August 2004. We support the ideas behind the Forum, very much welcome the selection of topics. Some are central to the interest of my Council and I am confident the social sciences contribute to all of them. We will therefore be in touch with your colleagues at the ESF to discuss sponsorship options and I am confident we will be able to participate also in that way. We will also think about proposing some other events, perhaps in collaboration with our sister Councils in Sweden and the other Nordic countries.

With best wishes for the success of the Forum,

Yours sincerely,

Professor Ian Diamond AcSS
Chief Executive
